SPOUTZ AFRICAN VIOLET GREENHOUSES

34365 MORAVIAN DRIVE

FRASER, MICH.

A PERSONAL LETTER TO YOU ABOUT THAT INDOOR GARDEN OF YOURS . . .

After you have the dishes done and the floors swept, I'd surely appreciate a moment of your time. We know that you take great pride in keeping your home "friendly" and it's a real pleasure to have neighbors passing by admire your spotless windows and cheerful curtains, but how about bringing a little more sunshine INSIDE your kitchen, knowing that is where you are the busiest.

African Violets are just the gift to "give to yourself," and very handy too when you need to express your good wishes on occasions that arise — a cheery way to offer greetings for a birthday or your hope for speedy recovery from sickness. A hundred kindly thoughts will not register as effectively as one of nature's own living gifts. Your friends will be reminded of you each time their African Violet blooms.

All of our plants will grow splendidly for you without pampering. They'll multiply with just ordinary care so that you can share your extras with other excited enthusiasts of this spare-time hobby that has become so popular among indoor gardeners. With just a few important rules on culture you'll soon be rated among the experts in no time at all!

Ohio Bountiful: In our annual battle with the printer, we sometimes come off second best. If that picture on the front cover of this wee catalog doesn't prove to be the brightest and largest and really double true pink that you've ever seen, well, being a woman I'll just probably weep! But my printer says tut, tut . . . it'll all work out fine, so I'll say no more.

Rose Wing \$3.25

Simply huge white flowers with a lacy rose ruffling on all petal edges. And more of this pastel color radiating from the center! Widely opened flowers of wonderful texture and such an easy bloomer, we class it among the very best!

Rose Wing is the finest in the heavily fringed line coming from the benches of this famous hybridizer since his introduction of double White Madonna. Ruffling of high quality was eagerly pursued here while other breeders entered the terrific race for double pinks.

Rose Wing, a violet to remember, will be a permanent part of your collection!

Double Flowering

Wintergreen

\$3.50

A rare violet indeed, growing exactly as pictured! The foliage is speckled chartreuse and marbled forest green, with

double white flowers that are tinted light blue in the center. Really different, brand new and a sensation when exhibited for the first time at the African Violet Convention held in Nashville, Tenn., in April 1954! This variety makes a fine gift plant.

Fluffy Double

\$1.75

We were pleasantly surprised to find this was No. 3 in our Popularity Poll for Spring 1955!

Whole clusters of foamy white flowers edged in rose or blue makes it so special. A vigorous grower and an easy bloomer, every bud will unfurl slowly and the large flowers will last a long time! Makes a real bouquet!

Start your collection today by giving "a gift to yourself." Order *Fluffy Double* now, it's sure to be your favorite also!

Lavender Beauty

\$1.50

If you're a beginner and violets are new to you, we recommend *Lavender Beauty*. It's easy to grow, always in bloom, and priced low to start your collection. Dependable!

The picture is an excellent likeness. Petals have a soft satiny finish and glisten with frosty particles, in a true pastel lavender. Don't be a Doubting Thomas, but prove to yourself that our violets do grow and bloom as we say they will!

Double-Flowering

Queen Neptune

\$1.75

There are so many large sized fully double flowers of darkest blue, that it may be difficult to see where each blossom starts: If you need this color in your collection, or if you have no

doubles now, we recommend *Queen Neptune* for its beautiful dark green quilted foliage, that commands attention for the wonderful satiny gleam—and because it's the BEST in its class!

Velvet Girl

(2-tone red)

\$2.50

The two uppermost blossoms in the accurate photograph above will tell you more than words can describe. When I first saw this variety I thought of "Pansy-Puss." It's clean-cut and adorable and a very good bloomer, with outstanding fluted foliage.

The lower petals are mostly a dark orchid I'd say, but with a permanent red-garnet edging at the outside tip. The two upper petals are solid in tone with the same velvety dark red-garnet coloring and it does not fade out. Something new in African Violets!

This captivating pansy-like flower has an endearing personality and a warm and unassuming nature, and the two colors have an instant appeal. No other like it. Easy to grow—lots of flowers.

African Violets are just the gift when you want to say "I'm thinking of you." A hundred kindly thoughts will not register like one actual gift of plants such as we furnish. Gift wrapped and guaranteed to please! All prices are "postpaid."

Confirmed gardeners are happy people . . . they develop and revel in beauty around their homes. You forget worries and troubles in tending a garden. Your windowsill garden of African Violets will be a real year-around pleasure!

double-flowering

Blue Peak

\$1.75

Crisp sugar-white edging against marine-blue petals remind you of snow-capped peaks!

Read more about this 3-in-1 newcomer!

Oriental

\$3.50

Really exotic, one of those eye-catching fantastic varieties that even an ardent collector will exclaim over!

Foliage so different from anything you've seen!

Holly

\$1.75

Isn't the foliage pleasingly different?

The contrast of the deeply colored and wavy foliage (fire red underneath) against the hyacinth blue flowers is both striking and beautiful!

Violet enthusiasts

who regularly visit our greenhouses are intrigued by Holly and Oriental, but since their introduction, all available stock has been reserved for sale to our mail order customers! Kindly give us your instructions in case we're sold out again.

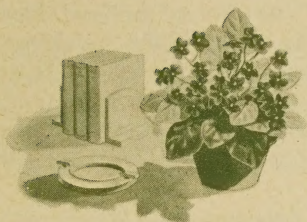

Ruffled Queen

\$2.25

Here's a violet fancier's variety now priced for the beginner!

Imagine long-lasting velvety dark burgundy flowers of giant size and substance with every petal so ruffled and

frilled it has the appearance of real lace! As each bud unfolds it's a joy to behold for the crinkled edges remind you of starched ruffles even on the reverse of the blossoms! Makes a wonderful gift to a violet fan!

Standard, Patented and
New Varieties for Beginners
and Collectors

ANGEL LACE: Fanciers will fairly burst with excitement when they see Angel Lace, for it's definitely a love-at-first sight African Violet! White violets have a universal appeal, as a symbol of purity and innocence. Imagine now, white blossoms that are fully formed and of heavy substance, its petals edged with lilac-blue ruffles! Destined for top popularity. You'll have to own it some day. Why not now? **\$3.75**

APPLE BLOSSOM: Giant-sized white flowers of wax-like substance that are brushed with pastel rose-orchid at the edges and in the center. Loads of flowers too! **\$1.50**

BI-COLOR: A pretty African Violet that is sure to please you because it is different and grows quickly. Flowers have plum colored tips on the upper 2 petals which are a beautiful contrast to the pale orchid coloring of the rest of the blossom. Very dark foliage. Dependable too! **\$1.00**

BLACK LACE: Large dark purple fringed blossom. The flowers are so vivid and alive, intensely colored blackish purple of even tone with a dainty fringed edge, very striking! Foliage remains compact, is gently waved, yet strong and husky. **\$2.25**

— THE ABOVE PRICES ARE POSTPAID —

BLUE HEIRESS: Spectacular 2 1/2" flowers of brilliant blue which will make your collection the envy of the neighborhood! The heavily scalloped foliage has pencil-thick stems which grow in perfect rosette form. You will receive many astonished and envious compliments for its strong husky appearance and grandiose flower stalks! **\$2.00**

BLUE NOCTURNE: Do you realize how rare blue flowers are among plants suited to your windowsill? Not since 1950, though, have we been impressed with new introductions in the sapphire blues but we've really hit the jackpot this season! There's huge bouquets of pompon wavy-edged double flowers of great size on plants that are hardly old enough to bloom, it seems! Do set it next to Brenita Girl for colorful beauty at its best! **\$2.75**

BLUE OHIO: Enormous flowers! If you like them big, bold and dark, we recommend Blue Ohio wholeheartedly! Midnight blue coloring is uniform to the very center of the blossoms and there's a plentiful supply of buds. Foliage is different from other giant-flowered kinds, maybe that's why violet fanciers always buy neat compact Blue Ohio. **\$2.00**

BLUE PEAK: Here's your 3-in-1 violet all in one plant if your collection lacks a double, needs a marine blue, and if you've been eyeing those 2-tone combinations with sugar-white petal edges! We've counted 18-20 petals on boquet-type flowers. The picture on Page 7 shows this fancy newcomer! **\$1.75**

BRENITA GIRL: A new luscious shade has been added to your rainbow hued collection! This is the richest of rose-toned varieties and it sharpens our appreciation for the blues and velvety purples. No pale beauty is Brenita Girl . . . these lovely blossoms have loads of cheery color! Alone in its color class. **\$1.50**

We're not hybridizers and we're probably over-critical when we look over new introductions, yet not all the named things purchased find a listing in our wee catalogue!

BRONZE BLUE BEAUTY: Suppose the slow-growing giants aren't for you? Let us tell of the virtues of "BBB". You'll count more flowers fully 1 ½" size on this variety than on any other dark blue you now have! Now to the leaf: so waxy, so shiny and dark! Compact girl foliage. **\$1.00**

DOUBLE VELVET GIRL: For a vibrant color note, this sport from Velvet Girl takes full honors! The gloriously rich red-garnet 2-tone puffy flowers will make this your most prized possession! Oh, if only we had a true-color catalog so you could see for yourself! Livelier, radiantly different and without question our largest and fullest double African Violet! **\$2.50**

FLUFFY DOUBLE: Sparkling white fluffy double blossoms of wax-like substance, center petals shaded with light blue-rose and with a bright golden stamens in the middle, truly remind you of summer skies and billowing clouds on a sunny day! See photo on Page 4. **\$1.75**

GIANT PURPLE MONARCH: Unmatched regal dignity and size! Words I knew would not impress you so I took a flower and traced around it with a pencil, then put a Silver Dollar over my drawing. View this scribbly "art work" (with my sincere apologies) on Page 19! This luxurious velvety purple-black beauty with claret undertones is massive and full formed. **\$2.00**

GYPSY: Really bright rose-orchid, a color which will attract much attention in your home. One of the newer violets we've been growing in quantity to be priced low for new enthusiasts. If you have a limited amount to spend for violets we know you'll enjoy owning our Gypsy. Always many large round flowers with smooth coloring! Girl-type leaf **\$1.25**

— THE ABOVE PRICES ARE POSTPAID —

HOLLY: If only this could be shown in color because the foliage of Holly must be seen to be realized! Darkest bronze green, very frilled and pointed crisply at the edges and royal purple beneath. Truly the darkest leaf and the shiniest leaf you've ever seen! No other variety in our catalog has a leaf like Holly. Lots of blue flowers too. **\$1.75**

LAVENDER BEAUTY: Not new but so distinguished and well established in all collections that we illustrate it right up front . . . see page 5. Lavender Beauty ranks with Velvet Girl as the 2 finest and most beautiful time-tested violets of today. Exquisite fresh silvery lavender, melting softness of color, petals that glisten, countless widely opened large flowers on well branched stems . . . all the superior qualities that guarantee a high rating in our Best Seller list! **\$1.50**

LITTLE ARISTOCRAT: Much-travelled enthusiasts who have seen them all tell us that this is by far the most exotic of this new series of frilly edged doubles! Holly-type foliage, and darkest purple wavy petaled double flowers display a golden stamen; gives this jaunty newcomer real personality! **\$2.75**

MADAM KERN: New styling in these ruffles! Brighter, cheerier coloring in glorious eye-arresting reddish orchid! Ideal candelabra branching displays 7-9 huge flowers per stalk. From same line of breeding as Angel Lace and Rose Wing. For a major color thrill, Madam Kern outshines and will doubtless dethrone Ruffled Queen who's been undisturbed for years. **\$3.25**

MARY THOMPSON: Frilled, fully double light lavender, whose lacy charm created a sensation and brought rapturous comment from visitors here! Our own high estimation of this enchanting creation can be noted by customers who have been getting our catalog regularly . . . observe that we've eliminated four pastel varieties regardless of their popularity! **\$2.75**

OHIO BOUNTIFUL: The creation of the double pink has been a fascinating chapter in African Violets! The vogue for double pinks that has swept the country since their display at the Convention in St. Louis in 1954 left critical fanciers breathless with surprise! Pinks had been restricted to single flowers and Ohio Bountiful represents a real triumph! It fills that long vacant niche in the violet field—the double pink! Cuttings from mother plants have bloomed for us, and Ohio Bountiful is not to be confused with untested semidoubles that revert or show off-colors. We know you'll agree that it's all we say it is, a large flowered prolific bloomer and really double! Pictured on the front cover and turn also to Page 2. **\$3.25**

ORIENTAL: We're not going to talk about the flowers on this violet. It's the leaf that's so unique! Notice the trim growing habit. Note that it does bloom, medium blue. But away with details! Never have you seen a glowing red-backed leaf shaped so much like miniature canoes! Very rare and unusual. Pictured on Page 7. Our supply is limited. **\$3.50**

PAINTED GIRL: Cheerful snappy sparkling white with red edging, or a star-like pattern . . . there's whole clusters of gaily assorted designs . . . very popular! Lots of good sized flowers held firmly above the foliage. The beautiful frilled "girl" type leaves make this a very lively combination. **\$1.25**

PINK ANGEL: A dainty pastel pink with foliage and flowers that are both larger in size than most varieties. Many widely opened blossoms at a time. The smooth tailored foliage, very dark and lightly quilted with a reddish reverse. Very stunning alongside a blue. Pictured in color on the back cover. **\$1.00**

Exactly what the name implies and a must for all collectors . . . those who want the BEST: Beautifully symmetrical exhibition-type plants with whole bouquets of brightest waxy-pink blossoms. Immense buds unfold into huge flowers perfectly spaced on stalks that boast of magnificent branching . . . yes we've counted 15 to 20 buds on our plants! **\$2.25**

PURPLE KNIGHT: This famous seedling has been a favorite here for the past 2 years so we dropped the older sorts in this color class . . . we've made room for this superior dark Purple Knight! All good habits: easy to bloom with giant sized flowers, strong stems, a very fine gift plant. **\$1.25**

QUEEN NEPTUNE: Our Spring 1950 catalog listed this one for the first time, and now it is priced low so as to be in YOUR collection! Fully double flowers with each petal placed "just so" to form a beautiful bloom of darkest blue. See our illustration on Page 5! A real novelty! **\$1.75**

The connoisseur will be proud to exhibit this variety at Flower Shows where it will surely win prizes for its free-blooming habit. We have counted more blossoms on Red King than any other variety we grow! We've seen many newer "reds" but still prefer the captivating Red King for its exceptionally fine windowsill qualities. For a rare treat, display Red King next to baby blue Sailor Girl! It's illustrated on Page 21. **\$2.25**

ROSE WING: Lacy ruffling and wonderful texture, so cool and morning fresh, Rose Wing captures your attention and admiration! Accurately pictured on Page 3. **\$3.25**

Allow your imagination a free hand! **\$2.75**

SCARLET RED: Here's an African Violet Cousin (*Episcia Coccinea*) that will catch the eye of every visitor with those unusual trumpet shaped scarlet-red flowers! Maybe that's why it remains in our "Top 5 Popularity List?" Really different, but turn to Page 24 and see for yourself! **\$2.75**

It is Easy to Grow African Violets

In the past, some have felt that African Violets were temperamental, but with just a few simple suggestions, you're sure to be a confirmed enthusiast! Let's visit a while, and I hope you'll be persuaded to give your green thumb a chance to show you how lovely your windowsills can be.

I wish I could convince everyone that my healthy plants, plus a Wik-fed pot, a window, and my good special potting soil is all that you need to have an abundance of bloom. It's just that simple! Let's suppose that you have all these things, and from now on it is just a few hints on culture you need to keep your plants looking nice. They need some sunlight.

If you mix your own soil take: 4 parts good garden soil, 4 parts rich woods earth (leaf mold), 1 part of sand or vermiculite, 1 part peat moss, 1 part very rotted cow manure. You'll have to sterilize by baking this one hour at 250° to remove the nuisance of worms or weed seeds. I should say here that you must hide all fertilizers before you start, lest you be tempted or carried away with enthusiasm in this important mixing process!

POKON PLANT FOOD

"Imported direct from Holland"

**DOES NOT CONTAIN CHLORIDE
WHICH BURNS THE ROOTS**

We use Pokon in our African Violet greenhouses regularly. Our customers who have used this product from Holland for eight years send us unsolicited testimonials like this one received "I just had to drop a line about Pokon. I have had wonderful results. All my neighbors just "Oh" and "Ah" about the large and many blooms on my violets. Some of them are common kinds but they surely don't look it when I use Pokon."

If YOU have had trouble getting your African Violets to bloom, the trouble might lie in the fertilizer you have been using, for violet roots are tender and chloride and wrong fertilizer can ruin your collection in no time at all.

Here's what you should do. Compare the analysis of Pokon (16-21-27) with whatever you've been using, and notice the high concentration of nutritive elements which has made Pokon world known. Pokon dissolves instantly and completely. Odorless. Simply dissolve a teaspoon of the crystals in a quart of water, use this every other week. Left over solution can be saved till used up.

Here's what Pokon costs: Just 4 cents a plant a year! You must feed your plants for biggest flowers, and you will notice the difference at once, for Pokon promotes stronger root systems and richer darker foliage, PLUS longer lasting flowers!

Red King

- *Deepest red so far*
- *Holds its color*
- *A profuse bloomer*

\$2.25

We hasten to admit that truly crimson red African Violets aren't to be had but this one is the nicest we've seen. Red King holds its color and makes a compact plant. When grown in a sunny window the foliage shows unusual darkness!

As in the past, we have looked carefully at all the "newer" reds that have been named, and we still believe that Red King outdistances all others. The picture above shows its neat growing habit, and it is easy to bloom, with eight and more buds and flowers per stalk, held well above the foliage. Red King holds its color evenly (remember, it's not a fireman's red), and young plants are covered with claret-to-wine good sized flowers. Very aristocratic!

We sell new varieties for those who want the latest sorts and also the exquisite kinds that are just a few years older which have stood the test of time, and priced lower. You can rely on our descriptions!

A customer wrote us: "I'm glad I sent in my order soon as your catalog arrived. Your packing was just grand, and my plants arrived yesterday. They were so nice and fresh that my neighbors would hardly believe they came from such a distance."

Scarlet Red "Episcias" grow in an interesting manner, the mother plant sends out runners, or stolons, to propagate itself, much in the manner of the strawberry plant in your garden. These stolons in turn send out others and soon you have a delightful plant for a hanging basket.

The flowers seem to be cut with a tiny pair of pinkish shears, are a true scarlet, that appear on the new stolons as well as the mother plant.
